FINANCIAL PROJECTIONS

Par 4 is projected to achieve robust financial performance, driven by diversified revenue streams including simulator rentals, memberships, and F&B sales. In its first year, total revenue is estimated at \$1.36M under high-performance conditions, with net profits of \$947K after operating expenses of \$407K. Over five years, annual revenues are projected to grow by 5% to \$1.65M, with net profits reaching \$1.19M.

Monthly breakeven requires ~849 simulator rental hours at \$40/hour. Membership plans and high-margin prepackaged food and drinks further stabilize cash flow. Expenses are forecast to rise by 3% annually to account for inflation and operational scaling, ensuring a sustainable growth trajectory.

These projections highlight Par 4's strong potential for profitability and scalability, offering an attractive investment opportunity in West Hollywood's premium entertainment market.

FUNDING REQUEST

Par 4 seeks \$750,000 in funding, offering 50% equity (5,000 shares) to investors in \$100,000 increments, with each \$100,000 investment equating to 666.67 shares (6.67% ownership). The company is valued at \$1,500,000, with an initial allocation of 10,000 shares at \$150 per share.

The remaining 50% equity (5,000 shares) will be retained within the company, ensuring a balanced ownership structure that supports strategic decision-making and long-term scalability. This structure allows investors to hold a significant stake while ensuring operational stability and continued business growth.

With strong revenue potential from simulator rentals, memberships, and F&B sales, this investment provides an opportunity to participate in a high-growth venture in West Hollywood's premium market.

CAPITAL EXPENDITURE

Par 4 Golf's capital expenditure (CAPEX) is estimated at \$608,650, covering construction, equipment, and initial setup costs. Major expenses include \$304,000 for construction, which includes general contracting, lighting, F&B equipment, and furnishings, ensuring a high-quality facility. Golf simulator equipment represents \$209,350, including advanced Trackman systems, projectors, and related accessories.

Additional investments include \$45,000 for architectural and engineering fees, along with \$76,000 for operational setup expenses like legal services, marketing, licenses, and point-of-sale systems. These upfront costs ensure a premium customer experience and robust operational infrastructure.

The carefully allocated CAPEX reflects the project's commitment to quality and long-term profitability.
